

Important Notice for Motor Carrier Customers Aug. 17, 2015

Purpose: The Motor Carrier Division changed fax numbers for all services.

General Information: In March 2015 the TxDMV activated new fax numbers for all motor carrier services. As a courtesy to customers, the old fax numbers remained active for six months so that both old and new fax numbers worked in the interim. All forms, applications and online content were updated with the new fax numbers earlier this year.

Effective Tuesday, Sept. 1, 2015, old fax numbers will cease to function. Customers must use only the new fax numbers for Motor Carrier Division services from that date forward.

Action Required: Customers should delete all stored references to old fax numbers and replace with the new numbers listed below:
